THIRTY-FIRST SEASON

1921

Wholesale Price List

1890 Thirty First Season 1921 Whole Sale Price List

Thirty years of success entitles me to feel justly proud of my nursery stock, and I compete with all the legitimate growers in the American market. As to high standard, and excellence of my product. Dansville has an exceptional climate for the production of fruit trees and to this is added my love for the work, long years of experience and observation, and the ability to grow stock of the highest possible standard.

My present aim is to keep right at it, with an expanding business each season, getting a firmer grip on the good will of my customers, making the results count to our mutual benefit. It is a well known fact that there is a serious fruit tree shortage in the nurseries of America. I propagate my trees from imported French grown seedlings. War conditions has made it impossible for any American nurseryman to get within 30 per cent of his normal supply.

As it takes three years to mature a tree from the planting of a seedling, hence there is every indication of trees being scarce for years to come. It is to your advantage to order as early as possible this year. Do not wait until some of my varieties are exhausted.

JOHN W. FINN'S, Wholesale Nurseries DANSVILLE, NEW YORK

Buy your Trees, Plants and Vines Direct from the Nursery that Grows Them. Save the cost of Agents' commissions and other charges that you have been paying for. Let me have your business, and prove to you that I can save you money.

CERTIFICATE

This is to certify that the stock in the nursery of JOHN W. FINN'S WHOLESALE NURSERIES of Dansville, County of Livingston, State of New York, was duly examined in compliance with the provisions of Section 305 of the Agricultural Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests. This certificate expires Sept. 1, 1921.

Dated, Albany, N. Y., Oct. 3, 1920.

GEORGE E. HOGUE, Com. of Agriculture.

Red Astrachan—Large, roundish, nearly covered with deep crimson. August.

Sweet Bough—Large, pale, greenish yellow; tender and sweet. August.

Yellow Transparent—A Russian variety. Tree an upright grower and a very early and abundant bearer.

AUTUMN VARIETIES

Alexander — Of Russian origin. Large, deep red or crimson. October.

Pound Sweet—(Pumpkin Sweet) A very large, round, yellow russett apple. October and November.

Wealthy—Medium size, round, smooth and deep red; juicy, sub-acid and of good quality.

WINTER VARIETIES

Baldwin—The old stand by—the kind your neighbor has. December to April.

Ben Davis—Large, striped red, December to April.

Delicious — A remarkable variety. A splendid keeper and shipper. For this variety add 3c per tree.

Fameuse—(Snow) Medium size, roundish, deep crimson. November to January.

Golden Russett—Medium to large size, dull russett. November.

Grimes Golden—Large size; rich golden yellow, of highest quality. January to April.

Hubnonesuch — Large; striped yellow and red of the highest quality. November to January.

Jonathon—Medium size; deep red and yellow; flesh tender, juicy and rich. November to March.

King—The king of them all; the old reliable. Handsome striped red of the largest size. November to March.

McIntosh Red—Large; flesh white, tender and juicy; a very popular kind; sub-acid. November to February.

Northern Spy—Large, roundish, striped red. January to June.

N. W. Greening—This apple is one of the best keepers we have, keeping in good condition generally until May.

Autumn Strawberry—Medium, streaked, tender, juicy, fine vigorous and productive. September to October.

Duchess of Oldenburg—Of Russian origin, large size, roundish, streaked with red and yellow. Ripens in August and September.

Fall Pippin—Very large; yellow; tender, juicy and of rich flavor. October and November.

Gravenstein—Large to very large, striped red and yellow; tender, juicy and high flavored. One of the best of all fall apples. September to October.

Prices of All Varieties of Hardy Upland Grown Standard Pear Trees

			Height
Largest	Size	2 Year	6 to 7 Feet
Medium	Size	2 Year	5 to 6 Feet
Smaller	Size	2 Year	4 to 5 Feet

SUMMER VARIETIES

Bartlett—Large; color when fully ripe is waxen yellow with red blush, juicy, melting, high flavored.

Clapp's Favorite—A superb, large, long, yellow pear, richly flushed with russett red next the sun, juicy and delightful, ripens before Bartlett. August.

Koonce—A very popular early variety, fruit medium to large, yellow, one-half nearly covered with red.

Wilder—One of the very earliest pears, attractively colored and of excellent quality. Early August.

AUTUMN VARIETIES

Beurre Clairgeau—Very large, pyriform; yellow and red. October and November.

Maiden Blush—Large; pale yellow with red cheeks. September to October.

Roxbury Russett — Medium to large; greenish or yellow russett, crisp; good sub-acid flavor.

R. I. Greening—The best of the green winter sorts and very well known, good cooking kind and good keeper.

Seek No Further — Medium to large, slightly russetted, with dull red stripes, tender; rich, spicy and fine.

Spitzenberg—A very popular apple, covering a large area; fair size; deep red; good keeper. November to April.

Stark—One of the best of all purpose apples grown. Large; roundish golden green shaded with dark and light red. January to May.

Stayman's Winesap — The best of the Winesap family without any exception. December to April.

Talman Sweet—Medium size, pale yellow, slightly tinged with red. November to April.

Wagner—Medium to large; deep red in the sun. December to May.

Winter Banana—Fruit large size, perfect in form; golden yellow and beautifully shaded and marked with bright crimson red. November to January.

Wolf River—Very large, greenish yellow, covered with crimson. January to March.

CRAB APPLES

General Grant—Large, round, yellow, covered with stripes of red. September.

Hyslop—Fruit large, deep crimson; produced in clusters, flesh yellowish. October.

Transcendent—This is probably one of the best Crab apples; it is popular over the entire country.

	Caliper	Each	Ten	Hundred
$\frac{3}{4}$ and up	XXX	\$.95	\$9.00	\$85.00
$\frac{5}{8}$ to $\frac{3}{4}$	XX	.90	8.50	80.00
$\frac{1}{2}$ to $\frac{5}{8}$	X	.85	8.00	75.00

Beurre D'Anjou—A very fine pear, buttery and melting, with sprightly vinous flavor. October to January.

Duchess D'Angouleme—Among the largest of all our really good pears; greenish-yellow. October to November.

Seckel—A beautiful and delicious little pear that is the standard of excellence in its class. One of the richest and highest flavored pears known. September to October.

Worden Seckel—A worthy seedling of the famous old Seckel, quite as sweet and luscious, with the same rare flavor and aroma.

Sheldon—A large, round, russett and red pear of the very first quality. October.

WINTER VARIETIES

Kiefer—One of the best market varieties and excellent keeper.

Lawrence—About medium, yellow, thickly dotted, and possesses a very fine, rich flavor. December to January.

Lincoln Coreless—Keeps well until the middle of March. Very large and of good quality.

Winter Nellis—One of the best early winter pears.

Peach Trees

Wholesale Prices of All Varieties of Hardy Peach Trees

		Height
Largest Size	1 Year	5 to 6 Feet
Medium Size	1 Year	4 to 5 Feet
Smaller Size	1 Year	3 to 4 Feet

Belle of Georgia—Very large skin, white with red cheeks.

Carman—Large, resembles Elberta in shape, color creamy white with pale yellow blush. August.

Champion—A large handsome early variety, creamy white with red cheek, sweet, rich and juicy. Hardy and productive. August.

Crawford Early—A magnificent large yellow peach of good quality. Early in September.

Crawford Late—A superb, large yellow peach. One of the best. Late September.

Elberta—The leader of all peaches and the greatest commercial variety on the market. Early September.

Engle's Mammoth—Large, yellow. September.

Fitzgerald—Fruit large, brilliant color, bright yellow; suffused with red; flesh deep yellow, best quality. September.

Caliper	Each	Ten	Hundred
9-16 and up XXX	\$.80	\$7.50	\$60.00
7-16 to 9-16 XX	.75	7.00	55.00
5-16 to 7-16 X	.70	6.50	50.00

Greensboro — The largest and most beautifully colored of all the early varieties. July.

Kalamazoo—A leading market sort. Large, yellow, fine quality. Early September.

Yellow St. John—Nearly as large as Crawford, fully equal in color. August.

Rochester—Is in a class by itself because it is the only good sized yellow freestone Peach of fine quality ready for market in the middle of August in the northern states. The fruit is large, yellow with a most attractive red blush; juicy and delicious and keeps well; an excellent shipper. Its greater sweetness over other Peaches requires only half the usual quantity of sugar in canning. The tree is a strong grower; early and regular bearer of big crops, and absolutely hardy; two weeks ahead of Early Crawford — maturing when highest market price prevails.

JAPANESE PLUMS

Abundance—Fruit large and beautiful, amber turning to bright cherry red. August.

Burbank—Very large, clear cherry red; flesh deep yellow, sweet. August.

Red June—Medium to large, deep vermillion red, very showy, flesh light lemon yellow, firm, delightful. Last of July.

Satsuma—Large, reddish purple, quality fine, delicious for canning. September.

Wickson — Very large, deep red with white bloom, flesh firm, sugary, delicious. September.

EUROPEAN PLUMS

Bradshaw—Large, dark red. August.

Imperial Gage—Large, pale green, juicy, sweet, rich and excellent. Middle of August.

Lombard—Medium violet red, juicy, good; hardy and productive. The leading market variety. August.

Moore's Arctic—Small; purplish black. September.

Monarch — Tree robust, dense foliage, and abundant bearer, fruit very large, roundish, oval, dark purplish blue. Last of September.

Reine Claude—Very large, greenish yellow, juicy, excellent and of fine quality. September.

Shipper's Pride—Large, dark purple. September.

Shropshire Damson—Large, amber color. September.

Yellow Egg—Large and beautiful, productive, egg shaped, yellow. August.

York State Prune—Large, blue, rich, juicy, fine. Best prune for market or garden. This prune originated here

at Dansville as a seedling from German Prune and has been sold to fruit buyers for that variety in large quantities at profitable prices. Tree a vigorous grower and good bearer.

German Prune—A large, long oval variety, much esteemed for drying, color dark purple, of very agreeable flavor. September.

SPECIAL NOTICE TO MY CUSTOMERS:

DISCOUNT FOR CASH: I will allow a special discount of 5 per cent on cash orders of \$5.00 or over received before March 20th, after that date 3 per cent on cash orders of \$5.00 or over.

TERMS: Cash with order, except with large orders, when satisfactory reference is given, and then the order must be accompanied by one-fourth cash.

BOXING AND PACKING: We box and pack all orders without charge.

SPRING PACKING SEASON: The spring packing and shipping season usually begins here about April 1st and continues in to the month of May. The planting season is not regulated by any particular month or day, nor by the state of vegetation where planting is to be done, but by the condition of the trees to be planted. Hence, trees can be sent with safety from Dansville to localities several degrees south even if they do not arrive until after the ordinary transplanting season in that locality is past.

ORDERS SHOULD BE SENT IN as early as possible as I enter them for shipment in the order received. When sent early they are most sure of prompt attention and there is less danger of varieties being exhausted. **ORDER NOW**, do not wait until you are ready to plant. Your order will not be shipped until the proper time, or until you wish it.

SHIPPING FACILITIES: My nurseries are located on the main lines of the D. L. & W. and Erie Railroads. This gives the purchaser the benefit of inexpensive delivery.

REFERENCES: The Citizens' Bank, Dansville, N. Y., or any merchant in our city.
